ERASMUS+ KA229-082431 Building Skillful Thinking in Children+: Learn, Explore and Assess How Thinking Key Competences Work

The following teachers have participated in an exchange with colleagues in participatory workshops at Colegio Lope de Vega the 15th of July. The aims were to exchange methodological and theoretical experiences of how to use the actual methods in the project, the thinking progression rubrics, and the merged plan template and plans in education.

Program Wednesday 15th of June

- Short presentation of progression and planning theory by Dr Ann S. Pihlgren.
- Participatory workshop: How the thinking rubrics help the teacher to achieve stronger student learning.
- Short presentation of Collegial learning theory by Dr Ann S. Pihlgren.
- Participatory workshop: How collegial learning is used to improve students' learning, and future steps in development.
